

Safe and reliable battery power Powered option available for your micro form factor PC. Designed as a fully mobile solution, we utilise the latest battery technology enabling you to monitor battery health and the number of charge cycles to ensure a long service life.

All carts are designed and manufactured with patient safety as a top priority, with the power system certified to IEC 60601-1 standards – a widely recognised benchmark for the safety of electronic devices in medical environments.

Custom configurations available, please contact us to explore options.

Electronic Height Adjustment

Users can adjust the medical cart to an appropriate working height, quickly and easily.

Power Pack

A power pack can be added to any cart. There are 3 batteries included so you have a backup charge incase of emergencies.

Custom configurations available, please contact us to explore options.
