# About Our Company.

---

**Established in 2006,**

Dawson Manufacturing & Engineering are a leading manufacturer of hygienic stainless steel products for the public and private Medical sector. We supply a wide range of standard products used commonly in this sector and can also manufacture bespoke products to suit your applications.

# Sample Product List.

---

## Bespoke Products Include:

- CSSD Trolleys
- Height Adjustable Tables & Sinks
- Medical Trollies
- Kitchen & Laboratory Fit Out
- Changing Room Furniture

### **Durable.**

We manufacture durable stainless steel CSSD trolleys used to securely transport surgical instruments and clinical waste.

### **Certified.**

These trolleys are manufactured in accordance with UN 3291 and are fully certified and are supplied with UN license plate to ensure traceability at all times.

# **CSSD Transport Trolley.**

### **Features Include:**

- Lock & Swivel castors
- 3 point locking system
- Corner bumpers
- A4 document holders
- Push & pull handles

**We can offer 2 versions of these trolleys:**

Double & Single

# Height Adjustable Tables & Sinks.

---

## **Manufactured in stainless steel,**

Our height adjustable tables & sinks provide greatly improved ergonomics for staff, thus reducing potential back and neck strains. These products are typically made bespoke to suit the area where they will be located. They are available with manual or electronic height adjustment.

Our sinks can be manufactured with bowl sizes to suit your applications and can come with a range of add-ons such as:  
High powered water lance, air hose fitment, splash-back, hinging or sliding doors, internal shelving.

# Medical Trolley.

---

**Designed to allow for easy cleaning  
and maneuverability.**

Manufactured in stainless steel, our standard designs feature, lock and swivel castors, different shelf and drawer options.

Also available with secure lockable cabinets & drawers.

# Stainless Steel Changing Room Furniture.

---

**Our range of stainless steel changing room furniture is designed to be robust and easy to clean.**

We offer a standard range of products including:

PPE Dispensers	Knee or sensor operated sinks
Shoe Racks	Coat hangers
Bench Seats	Dirty garment storage lockers
Lockers	Waste bins

# Fixed Height Equipment.

---

**We offer a range of fixed height equipment such as:**

Sink & Table units  
Lockable cabinets & work stations  
Seating & stepover Benches  
Sanitize stations and more.

# Clean Room Fit-Out.

**We can offer a complete turnkey fitout solution to your medical laboratory or kitchen requirements.**

We can meet with the customer and design a complete fitout from start to finish.

Fit outs include all low level and high-level lockable cabinets, tables, extraction canopies, Utensil Sinks, PPE dispensers and much more.

# Sterilization Equipment.

---

**We offer range of sterilization baskets to cater for every situation faced within a very busy CSSD/ HSU department.**

:

Baskets can be supplied with pre-fitted accessories such as removable racks and instrument holders.

This can allow sensitive and expensive equipment to be held securely during the sterilization process.

Baskets can come with full ID product codes and traceability making baskets easy to record.
